

Service Providers to the National Process Industries

Message from the Chairman

In the name of Allah, the most Gracious and the Most Merciful.

In the year 1990, SAF International started as an indenting house and developed our activities as a trading house and then embarked on setting up an EPC company and installation of refinery along with a floating terminal at Khalifa Point, Hub, Balochistan.

Our successes on behalf of our principals worldwide have been entirely due to a dedicated and hard working team who have spared effort to achieve our corporate objectives. Most importantly our customers' trust and confidence in us, for providing them with economical and most suited solutions in their best interest have been major contributing factors in our continued growth and development.

The professional links we have developed with our customers have helped us to assist some of the leading companies of the world in conducting their business in Pakistan.

The faith reposed in us by our Principals and Partners worldwide provides a perfect testimony to our efforts, for it is through their satisfaction that we established our credibility.

While we have grown to become one of Pakistan's leading trading houses, we still remain true to the ethics and values that characterized our founding. Indeed, as traders in our own right we continue to maintain our proud heritage and are continuously at the forefront of innovation and business development in Pakistan.

I wish all the members of the team associated to us with God's Blessing and Pray that they continue to work with the same spirit and high standards of commitment to reach higher goals in the future to the entire satisfaction of our Principals abroad and our customers in Pakistan.

I also would like to take this opportunity to thank our very esteemed customers for their trust and confidence in us and I am looking forward to have our relationship as good business partners to continue and last for ever.

I look forward to witnessing the continued growth of SAF International Group of Companies.

Syed Ashfaq Hussain
(Chairman SAF International)

About SAF

SAF International has become active in 1990 as a trading company to provide local and International procurement services to its customers located in the wide industrial structure of Pakistan region and then gradually expanded its services from industrial indenting business to industrial repairs, consultancies, onsite installations, relocations, trainings and contractual agreement management services. SAF International is now successfully operating its 06 offices located throughout the country to cater customer's demands and requirements with right product on right time.

Our Vision

“ To become the most reliable name in the industry through our top quality products and by providing the highest quality services to our customers”

Our Mission

“To be the best at what we do”

SAF 's Corporate Product Portfolio

SAF International is qualified and trustworthy bridge between customers and Honeywell to cater all of the requirements providing experienced solutions on a right time with an excellent product. Honeywell is currently doing business in more than 100 countries.

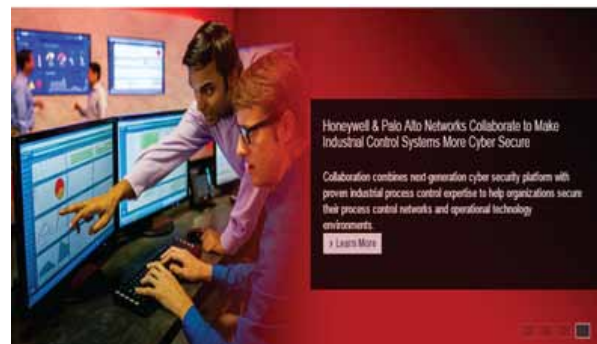

Honeywell

SERVICES PROVIDED:

Honeywell Process Solutions (HPS) helps industrial customers around the world operate safe, reliable, efficient, sustainable and more profitable facilities. A business unit of Honeywell International, HPS has pioneered process automation control for more than 40 years with a continuous evolution from legacy process control systems to today's leading innovations such as Experion® PKS, protecting customers' investments in automation assets.

RANGE OF UOP PRODUCTS:

- DCS/ESD,
- Field Instruments
- Software

MAJOR CLIENT:

- All Sugar Industries
- Refineries
- Fertilizers
- Oil & Gas
- Petrochemical
- Gas Distribution
- Oil Marketing Companies
- Cement Industries
- Power Plants etc. etc.

A Honeywell Company

SERVICES PROVIDED:

UOP's expertise extends from research and development to engineering to process technology to technical services to the manufacture and sale of adsorbents, catalysts, and specialty chemicals. They are also famous as a 'Process Licensor' in the field of Oil Refineries.

RANGE OF UOP PRODUCTS:

- Catalyst, Services
- Refinery Processing Technology
- Petrochemical Processing Technology

MAJOR CLIENT:

- Refineries sector
- Fertilizers sector
- Oil & Gas
- Petrochemical

John Zink is the part of Koch Chemical Group and SAF International signed an agreement with John Zink and exclusively supplying spares parts to the process Industries.

SERVICES PROVIDED:

John Zink is the world renowned manufacture of Flare System and has patented products and inventions ahead of their time, empirical knowledge and signature technologies that continue to define strength and longevity - and position John Zink as a recognized leader in worldwide industry.

PRODUCT PORTFOLIO:

- Burners
- Vapor Control
- Flares
- Thermal Oxidation
- Flare Gas Recovery
- After sales services

MAJOR CLIENT:

- Pak-American
- NRL
- OGDCL
- Pak-Arab
- PARCO
- PPL
- DH
- BOPL
- MPCL
- Engro
- BPL
- ENI Pakistan
- Fauji
- PRL
- UEP
- FFBL
- ARL
- Descon Engineering
- Fatima Fertilizer
- OMW

Koch-Glitsch is a global leader in the design and manufacture of state-of-the-art mass transfer products for the chemical, petrochemical, refining, gas processing, pharmaceutical, and specialty industries.

SERVICES PROVIDED:

KG offer a complete line of products, including high performance and conventional distillation trays; grid, structured and random packing in metal or plastic; tower internals; and replacement hardware for distillation, absorption, stripping and extraction columns. Products are available in a wide range of metals, plastics, thermoplastics, and fiber-reinforced plastics.

PRODUCT PORTFOLIO:

- High Performance Trays, Conventional Trays
- Plastic Random Packing
- Structured Packing
- Packed Tower Internals
- Metal Random Packing

MAJOR CLIENT:

- PARCO
- Pak-American
- NRL
- Pak-Arab
- PRL
- Fertilizer
- ARL
- OGDCL
- ENRL
- BOPL
- BPL
- FFC III
- FFBL
- FFC-GothMachhi

Innospec and SAF International signed an agreement and exclusively supplying Additive to the Industries in Pakistan

SERVICES PROVIDED:

Innospec is a global specialty chemicals business with the talent, expertise and drive to help our customers succeed in competitive markets. We make it our business to provide innovative ground-breaking products, combined with excellent customer service and technical support.

PRODUCT PORTFOLIO:

- Refineries / OMC's Finish Fuel Additive
- Power Plant Additive
- Personal Care Additive
- Marine Additive
- Oilfield & Drilling Additive

MAJOR CLIENT:

- | | | |
|---------|--------|------------------|
| - PARCO | - EPRF | - Shell Pakistan |
| - PAPCO | - NRL | - AES Lalpir |
| - PRL | - MOL | - Tapal Energy |
| - Byco | - NATO | - P&G |
| - ARL | - PSO | |

Better Air is our Business

SERVICES PROVIDED:

AAF offers the most comprehensive global manufacturing capabilities in the air filtration industry, and each facility is specifically designed to manufacture and test the most complex clean air solutions.

PRODUCT PORTFOLIO:

- Air Pollution Control
- Commercial & Industrial HVAC Filtration
- Cleanrooms
- Gas Phase Filtration
- Nuclear
- Gas Turbine & Machine Intake Filtration

MAJOR CLIENT:

- All Power Sectors
- Fertilizer Sectors
- Refining Sectors
- Hospital
- Pharmaceutical Sectors

SAF's Certification

SAF's POLICIES

SAF International

Revision No.	Revision Code	001/001/00
Environmental Policy	Valid From/To	00/00/00
